A UNIQUE STORY

For 125 years, **Gordon & MacPhail** has been driven by a simple mission: **to create single malt Scotch whisky of exceptional quality.**

Through four generations of family ownership, the company has matched its own casks with spirit from **over 100 Scottish distilleries.**

This **unique depth and breadth of experience** enables Gordon & MacPhail to combine oak, spirit and time to create **iconic whiskies found nowhere else in the world.**

UNIQUE EXPERIENCE

Using our most valuable asset, our experience, we understand casks from the inside out. Every cask is chosen by us and thoughtfully combined with a specific new-make spirit to create a complex, subtle and balanced whisky.

It is this awareness of our casks, coupled with our knowledge of the diverse spirits made by different distilleries in Scotland, which underpins the highest quality for every whisky in our range.

A UNIQUE OPPORTUNITY

The foresight of our predecessors – to lay down exquisite whiskies for future generations – means that Gordon & MacPhail has a whisky library unmatched anywhere else.

And our rare and old stocks are now being made available to a very small number of private individuals; discerning whisky drinkers who share our respect for quality and provenance.

The legendary Gordon and MacPhail warehouse in Elgin, in the highlands of Scotland, contains a wealth of golden liquid treasures.

The variety of old and rare stock available is truly unique; exquisite single malts stretching back decades, many from renowned distilleries, nurtured and matured in Gordon & MacPhail's own bespoke casks.

From this unrivalled inventory we will aim to match your desired vintage, style or particularly loved distilleries, creating a whisky that is unique to you.

WHISKIES THAT ARE UNIQUE TO YOU

In partnership with members of our world-class team, we will work with you to create a whisky that is truly unique.

From Sherry-matured Glenlivet to smoky Caol Ila borne in Islay, Gordon & MacPhail's unique inventory can cater for a diverse range of tastes and together, we will select an age, cask finish and distillery that matches your individual wishes as closely as possible.

To help you reach your final decision, we will invite you to a private tasting, either in person or via video conference, with Stephen Rankin, Director of Prestige.

PACKAGING UNIQUE TO YOU

Once you have chosen your whisky, we will then work with you to customise your packaging to make it your own.

With a variety of options available, you can create a unique whisky that passes from our family to yours.

THE CELEBRATION

As your unique whisky progresses carefully through the hands of our skilled team in Scotland, we will keep you in touch of developments as your exclusive single malt is brought to life.

All you need to do is sit back and plan the celebration for when it arrives.

EXCLUSIVE ACCESS

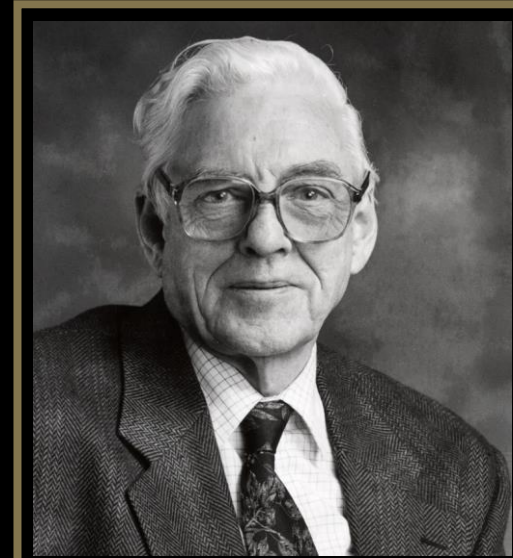

Only a small number of **Private Cask releases** will be made available each year and access to the service is by invite only.

This helps to ensure our whiskies maintain their rare nature and the service retains its exclusivity.

If you wish to find out more about our Private Cask service, please contact your local Gordon and MacPhail representative or David King, our International Sales Director.
